Initiate SSO Setup Process

1 Enter your company email

The screen displays the Flowserve logo at the top. Below it, the text "Sign In" is positioned above an input field labeled "Email". A black "Submit" button is located at the bottom of the form.

2 Enter a new password

The screen shows the "FLOWSERVE PARTNER PORTAL" logo. The heading "Enter New Password" is followed by the instruction "Please set your password below". There are two input fields: "NEW PASSWORD" and "Confirm Password". A black "Submit" button and a "Cancel" link are at the bottom.

3 Password requirement status is indicated

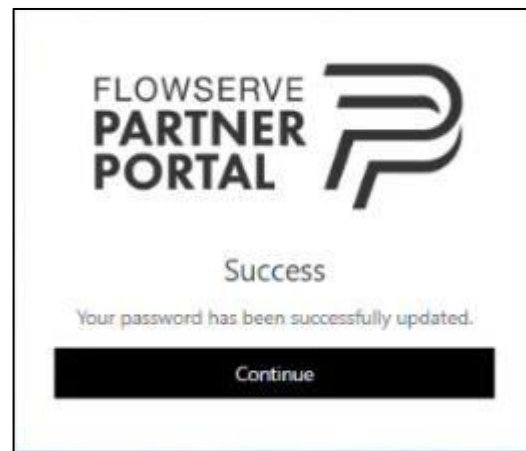

This screen is identical to the previous one but includes a "Minimum Password Requirements" section with a list of criteria, each preceded by a green checkmark:

- From 8 to 255 characters
- 5 unique characters
- No more than 2 repeating characters
- One special character: ~!@#\$%^&*()_-=+[]{}|;./?
- One number
- One UPPERCASE character
- One lowercase character

The "Submit" button and "Cancel" link are at the bottom.

4 Success
Click on Continue

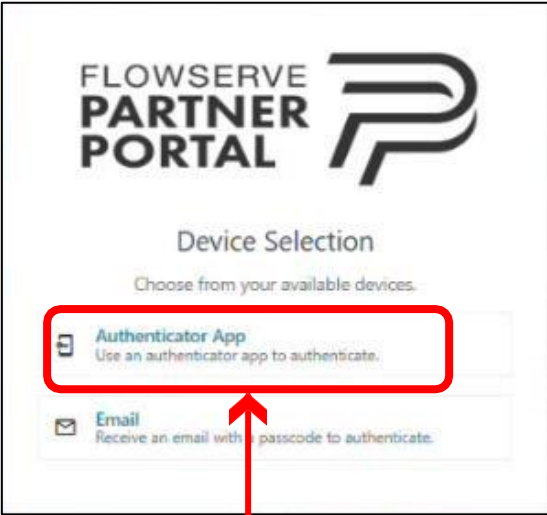

The screen displays the "FLOWSERVE PARTNER PORTAL" logo. The word "Success" is centered, followed by the message "Your password has been successfully updated." A black "Continue" button is at the bottom.

SSO FAQ

- Notify your Flowserve contact if you have questions or run into SSO issues.
- For SSO problems with Affinity, contact CPQ@flowserve.com
- Cookeville users should contact Gail Norton at gnorton@flowserve.com for questions or concerns.
- Take screenshots of any errors or unexpected screens to help with troubleshooting.
- If an error appears, first try:
 - Refreshing the page
 - Using the browser Back button
- If that does not resolve the issue:
 - Clear the browser cache
 - Restart the browser
 - Log in again
